(b)(6); (b)(7)(C) as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

(b)(6); (b)(7)(C)

On July 23d, Epstein was placed on suicide watch and received medical evaluation. Epstein received daily psychological evaluations while on suicide watch.

On July 29th Epstein was removed from suicide watch by Psychology Services Department at MCC-New York after daily interaction with him and according to established procedures. Epstein was returned to the Special Housing Unit (SHU) with a requirement that he have a cellmate. He was with same cellmate from that date until August 9th. In addition, the SHU confinement includes frequent head counts as well as 30 minute checks.

On August 9th at about 8:00 a.m., Epstein's cellmate was taken out of the institution for a Court appearance. That inmate was eventually released from custody by the Court and did not return to the institution. On August 9th, Epstein was in a legal visit with his lawyers all day until 6:45 p.m. Epstein returned to cell with no cellmate even though Epstein was on PSYCH Alert which included a requirement that he have a cellmate. No cellmate was assigned to his cell on August 9th.

On August 10th at about 12:00 a.m., while in his cell, Epstein acknowledged a Correction Officer performing a routine check. After midnight, it appears that not all of the checks required to be performed were actually done.

On August 10th at approximately 6:33 a.m., Staff serving breakfast meal found Epstein unresponsive in his cell. Staff called for assistance and began CPR. When EMS arrived at the institution, he was transported to hospital where he was pronounced dead at 7:36am.

Question from Fox News:

Hi there can you confirm whether case manage (b)(6); (b)(7)(C) is still working with SHU inmates at MCC or has he been transferred to a different caseload , unit or facility after Jeffrey Epstein death? Also can you confirm the status of Assistant Warden Shirley Skipper Scott?

Good morning all. I apologize I was not in attendance mainline today, but Central Office called me just before mainline commenced to request some documents and information regarding inmate Epstein. I was speaking on the phone wit (b)(6); (b)(7)(C) whom you both met during the suicide reconstruction.

(b)(6); (b)(7)(C) informed me not to do an update to the institutional supplement for suicide watch as it is not required by policy or suggested. He stated Psychology should only be doing an institutional supplement for Psychological Observation as there is no specific policy for it. I had recently updated the Psychological Observation Procedural Memorandum which I will attach here. I have not updated the SW supplement for several years as it was noted that policy did not require or suggest one any longer.

In terms of releasing the info, I don't have any concerns per se, however, this is all subject to an ongoing investigation. Normally, I would never release such information without first ensuring that the investigative body (OIG/FBI) do not have any concerns that its release may interfere with their investigation. Of course, you may have already done that, but in any event that is between you and them and not my business.

On July 23d, Epstein was placed on suicide watch and received medical evaluation. Epstein received daily psychological evaluations while on suicide watch.

On July 29th after daily interaction with Epstein, and according to established procedures, MCC-New York Psychology Services Department determined he no longer warranted placement on suicide watch. Epstein was returned to the Special Housing Unit (SHU) with a requirement that he have a cellmate. He was with same cellmate from that date until August 9th. In addition, the SHU confinement includes frequent head counts as well as 30 minute checks.

On August 9th at about 8:00 a.m., Epstein's cellmate was taken out of the institution for a Court appearance. That inmate was eventually released from custody by the Court and did not return to the institution. On August 9th, Epstein was in a legal visit with his lawyers all day until 6:45

p.m. Epstein returned to cell with no cellmate even though Epstein was on PSYCH Alert as well as a requirement that he have a cellmate. No cellmate was assigned to his cell on August 9th.

On August 10th at about 12:00 a.m., while in his cell, Epstein acknowledged a Correction Officer performing a routine check. After midnight, it appears that not all of the checks required to be performed were actually done.

On August 10th at approximately 6:33 a.m., Staff serving breakfast meal found Epstein unresponsive in his cell. Staff called for assistance and began CPR. When EMS arrived at the institution, he was transported to hospital where he was pronounced dead at 7:36am.

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no plans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from Court, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

For sake of speed (b)(6); (b)(7)(C) and I decided for me to pass along to you quickly this very rough draft for the second inquiry pertaining to MCC NY below for you to review and edit as needed and send back to (b)(6); (b)(7)(C) for NERO review (just like the last email and (b)(6); (b)(7)(C) will get back to me). To be sure I'm clear, as background do you know if AW Skipper Scott & case manage (b)(6); (b)(7)(C) re working at MCC NY before Epstein's death or anything the reporter might be wondering about them (feel free to not answer if part of the Epstein investigation, I'm ignorant of names involved):

Question from Fox News:
Hi there can you confirm whether case manage (b)(6); (b)(7)(C) still working with SHU inmates at MCC or has he been transferred to a different caseload , unit or facility after Jeffrey Epstein death? Also can you confirm the status of Assistant Warden Shirley Skipper Scott?

Proposed Response:

Here are 3 recent answers we sent to media asking questions related to Epstein:

We decline to comment as the Epstein case is currently under investigation by the Federal Bureau of Investigation and Department of Justice's Office of Inspector General.

The Epstein case is currently under investigation by the Federal Bureau of Investigation and the Department of Justice's Office of Inspector General. As such, we cannot answer questions relating to the investigation.

We decline to comment as the Epstein case is currently under investigation by the Federal Bureau of Investigation and Department of Justice's Office of Inspector General. We can, however, point to previous published reports indicating the New York Medical Examiner's Office has ruled the death a suicide.

Good morning all. I apologize I was not in attendance mainline today, but Central Office called me just before mainline commenced to request some documents and information regarding inmate Epstein. I was speaking on the phone wit (b)(6); (b)(7)(C) whom you both met during the suicide reconstruction.

(b)(6); (b)(7)(C) informed me not to do an update to the institutional supplement for suicide watch as it is not required by policy or suggested. He stated Psychology should only be doing an institutional supplement for Psychological Observation as there is no specific policy for it. I had recently updated the Psychological Observation Procedural Memorandum which I will attach here. I have not updated the SW supplement for several years as it was noted that policy did not require or suggest one any longer.

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from court of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

Suicide Watch Institutional Supplement

Good morning all. I apologize I was not in attendance mainline today, but Central Office called me just before mainline commenced to request some documents and information regarding inmate Epstein. I was speaking on the phone wit (b)(6); (b)(7)(C) whom you both met during the suicide reconstruction.

(b)(6); (b)(7)(C) nformed me not to do an update to the institutional supplement for suicide watch as it is not required by policy or suggested. He stated Psychology should only be doing an institutional supplement for Psychological Observation as there is no specific policy for it. I had recently updated the Psychological Observation Procedural Memorandum which I will attach here. I have not updated the SW supplement for several years as it was noted that policy did not require or suggest one any longer.

Also (b)(6); (b)(7)(C) is requesting a copy of the post orders (general orders) for suicide watch. He also asked for the sign-in sheets for the suicide post orders for staff who were sitting on Epstein during his suicide watch. Do we have a copy of this in the Lieutenant's office as well as the post orders? If there are not specific post orders, I think we should get a copy of the quarterly post orders to demonstrate that the officers who sat on inmate Epstein signed for the quarter.

Thanks! (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) [redacted] as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no plans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from Court, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurs (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

(b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from court of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

It will also be helpful to get some information about staffing at MCC I've seen additional press reports trying to link the staffing shortages, overtime and this incident.

(b)(6); (b)(7)(C), as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

Inmate Message Below

(b)(6); (b)(7)(C) I just spoke with an inmate who came out of the SHU last night. His room was directly next to Epstein's and(b)(6); (b)(7)(C) was anxious to describe the night of his neighbor's death. Jeffrey Epstein definitely killed himself. Any conspiracy theories to the contrary are ridiculous(b)(6); (b)(7)(C) actually heard Jeffrey tearing up his sheet before committing suicide. I asked(b)(6); (b)(7)(C) if the SHU had been extraordinarily noisy and uncivilized as a prelude to Jeffrey killing himself. He responded in the negative - effectively refuting my theory that Epstein couldn't take the animals in the SHU and chose to end it as a result. I no longer believe that rooming with Jeffrey would have saved him. He wanted to kill himself and seized the opportunity when it was available (when his bunky moved out). Such is life - or death in this case.

Friday is my home confinement date and clearly, the staff hasn't done its job although the law specifically states that the BOP is required to let all inmates with the appropriate risks and needs (which I am) serve 10% of their sentences at home. I know this isn't part of your domain. But anything you could do to get me out of here when the law says I should be released (two days from now) would be most appreciated.

Hi (b)(6); (b)(7)(C) I'm not sure if you've already relocated but I'm hoping you can help or redirect me to someone who can. I have a private investigator we have appointed under CJA coming to visit our client from out of town next week Monday and Tuesday. What do we need to do to get him permission to come in with us for a legal visit? Thank you.

He also complained that he is in Attorney Conference from about 8 AM to about 8 PM each day and he said yesterday he only received one meal, a sandwich at about 4:15 PM. He said he should be getting lunch and dinner.
Also additional information on the toilet that reportedly flushed for 45 minutes. He stated to avoid the toilet from doing that again because he stated he found it so aversive and disorienting, he has been urinating in a cup. I already sent an e-mail to (b)(6); (b)(7)(C) about the toilet.

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) w him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

(b)(6); (b)(7)(C) as discussed, several options are below. Please note that we need to discuss timing of all this. I will need to let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

Thanks. This is helpful. We can talk tomorrow about the timing.

It will also be helpful to get some information about staffing at MCC I've seen additional press reports trying to link the staffing shortages, overtime and this incident.

Thanks,

(b)(6); (b)(7)(C) s discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

Hi (b)(6); (b)(7)(C) I'm not sure if you've already relocated but I'm hoping you can help or redirect me to someone who can. I have a private investigator we have appointed under CJA coming to visit our client from out of town next week Monday and Tuesday. What do we need to do to get him permission to come in with us for a legal visit? Thank you.

Please review for accuracy before I send to (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

If you are emailing about an inmate that may be at risk for suicide or self-harm, this is an emergency situation. Please make sure that you make contact (verbally) to Psychology Staff or the on-call psychologist. Please ensure to maintain constant visual observation of the inmate until formal steps can be taken to ensure his/her safety pending a formal assessment by a Psychologist.

Epstein arrival at MCC

Please review for accuracy before I send to (b)(6); (b)(7)(C)

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

He also complained that he is in Attorney Conference from about 8 AM to about 8 PM each day and he said yesterday he only received one meal, a sandwich at about 4:15 PM. He said he should be getting lunch and dinner.
Also additional information on the toilet that reportedly flushed for 45 minutes. He stated to avoid the toilet from doing that again because he stated he found it so aversive and disorienting, he has been urinating in a cup. I already sent an e-mail to (b)(6); (b)(7)(C) about the toilet.

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) aw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

(b)(6); (b)(7)(C)

Here is an updated version for the moment

Reporter:

(b)(6); (b)(7)(C) NY DAILY NEWS

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against (b)(6); (b)(7)(C) I've spoken to an AFGE union official and (b)(6); (b)(7)(C) defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?

(b)(5)

(2) Has there been a hiring surge since Epstein's suicide?

(b)(5)

(3) Any changes in BOP policies following Epstein's suicide?

(b)(5) (b)(6); (b)(7)(C)

(4) Is it correct tha (b)(6); (b)(7)(C) were responsible for roughly 50 to 70 inmates the night of the suicide?

(b)(5)

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)

(b)(5) (b)(6);

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional officers?

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges agains (b)(6); (b)(7)(C) I've spoken to an AFGE union official and

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?
(b)(5)

(2) Has there been a hiring surge since Epstein's suicide?
(b)(5) (b)(6);

(3) Any changes in BOP policies following Epstein's suicide?
(b)(5)

(4) Is it correct that (b)(6); (b)(7)(C) were responsible for roughly 50 to 70 inmates the night of the suicide?
(b)(5)

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)
(b)(5) (b)(6)

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional office

AW Skipper-Scott,

I saw him before his Legal visit. He seems stable and is now at his Legal visit. I'll be coming in tomorrow before his Legal visit to see him again.

He complained about being dehydrated because he stated he cannot drink enough water because of limited bathroom breaks in Legal since he stated he sees his Attorney for about 12 hours.

He also complained about having to go back up to SHU. Being anxious about it and not being able to sleep there because of the noise of inmates banging and screaming at night.

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Epstein arrival at MCC

Subject: Epstein arrival at MCC
Attachments: TEXT.htm

(b)(6); (b)(7)(C)ere is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no plans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from Court, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

Hello (b)(6); (b)(7)(C)

I'm a reporter with BuzzFeed News. I'm reaching out on a story regarding Jeffrey Epstein's death. We have found a series of posts that were made on the website 4chan prior to any public announcement of Epstein's death. The first post was made at 8:15 AM and the subsequent posts described in detail the first responders' actions. The first news report about Epstein's death was at roughly 9 AM.

I've pasted one of the posts below:

Can you verify the accuracy of what's been posted? Would speaking publicly about an inmate's death break any procedures? If so, does MCC plan to take any action on the matter or investigate it?

Please get back to me as soon as possible today.

Thank you,

It will also be helpful to get some information about staffing at MCC I've seen additional press reports trying to link the staffing shortages, overtime and this incident.

(b)(6); (b)(7)(C) s discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

Also additional information on the toilet that reportedly flushed for 45 minutes. He stated to avoid the toilet from doing that again because he stated he found it so aversive and disorienting, he has been urinating in a cup. I already sent an e-mail to (b)(6); (b)(7)(C) about the toilet.

AW Skipper-Scott,

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse (b)(6); (b)(7)(C) saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse (b)(6); (b)(7)(C)

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

(b)(6); (b)(7)(C) here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

There has been an incident with a high profile prisoner (Jeffrey Epstein) at MCC New York. We are trying to get some basic information about the incident and are having a hard time getting any information out of the facility. Is there someone we could speak to and get the basic information? The USM and Chief for our S/New York office are having no luck with the Warden and Assistant Warden.

Dear Warden N'Diaye,

Thank you for your letter of August 10, 2019 regarding the death of Jeffrey Epstein. Mr. Epstein's death is a tragedy to everyone involved in his case.

One open question, among others, is whether the investigations referenced in your letter will include the incident at MCC involving Mr. Epstein on or about July 23, 2019. To my knowledge, it has never been definitively explained what the BOP concluded about that incident.

Sincerely,
Richard M. Berman

A couple of issues came out of the Epstein Reconstruction which I wanted to problem solve when you have an opportunity to meet:

(b)(5)

Other issues regarding the SW program:

1. We need to ensure the Unit 2 Officer is making rounds each hour and signing the log book. While the officer is back there, if an inmate companion needs to utilize the bathroom he should be allowed to do so. Inmate Companions have been urinating in the garbage cans out of desperation.

2. Inmates on suicide watch need to be fed as timely as possible.

3. Inmates on suicide watch need to receive showers on M, W, and F.

4. Suicide Watch mattresses are being taken from our area to be used in GP. They are specialized and expensive mattresses.

5. If my orderly brings dirty smocks to the elevator, can internal bring them to the laundry in the basement? Dirty Smocks are getting misplaced or thrown away.

6. Lt.'s need to strip out the inmate going on suicide watch and thoroughly search the inmate companions coming down for contraband and inappropriate items. If the inmate companions bring down contraband for the inmates on Suicide Watch, they will be terminated.

7. Lt.' need to search the suicide watch room before inmates go into the room on suicide watch.

8. Lt.'s need to ensure inmates on suicide watch are placed in a smock without clothing, glasses, etc. unless otherwise indicated by a psychologist and with on the front of the log book.

Good Morning:

I would like to confirm the accuracy that management has approved that the above inmate's meals be delivered from the housing unit, for every feeding, to Attorney Conference?

Additionally, is it correct that management has instructed that the inmate be escorted to the restroom every hour without being restrained, despite being a SHU inmate?

Has the process changed for all inmates? If not, this is clear preferential treatment of an inmate. All other inmates who are in attorney conference or attending court during feeding, are provided a bagged lunch which is sent up from food service every morning.

Please provide a response.

Thank You,

I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called Ray and told him the US Attorney is meeting with him at 10 am tomorrow. So

this probably should be some time after that interview.

Also, the two officers that we are putting on AL, one is scheduled off today already and the other didn't show (so far). So the urgency of putting them on AL is less if they are not there. Ray is checking on the schedule of the others.

Good Morning:

I would like to confirm the accuracy that management has approved that the above inmate's meals be delivered from the housing unit, for every feeding, to Attorney Conference?

Additionally, is it correct that management has instructed that the inmate be escorted to the restroom every hour without being restrained, despite being a SHU inmate?

Has the process changed for all inmates? If not, this is clear preferential treatment of an inmate. All other inmates who are in attorney conference or attending court during feeding, are provided a bagged lunch which is sent up from food service every morning.

Please provide a response.

(b)(6); (b)(7)(C) orry to bother you with this:

Update: We got over 30 inquiries. My boss is drafting a very short answer that will probably say we don't comment on an inmate's health status or conditions of confinement for privacy reasons.

My boss had me call MCC NY just now to be sure they are not releasing varying statements to the media, we want the institution & me to use the same exact statement to all media (we'll give them the statement we come up with shortly and be sure they're fine with it) and they just told me you're acting will call me back shortly.

Last thing - I didn't realize he went to the hospital, I might ask your acting exec. if he's still at the hospital or how long there, etc., if that's true (news article say he went to a hospital).

Good morning (b)(6); (b)(7)(C) [redacted]

I spoke with folks here and confirmed we can proceed under our usual procedure for releasing medical/psych records to defense counsel. Accordingly, please send me a cover letter confirming you're defense counsel of record, the attached certification of identity, and a Rule 17 subpoena (no need to be so-ordered; a clerk's subpoena is fine). Normally we would require a HIPAA release as well, but privacy rights don't survive death in this context. Once I receive the certification, letter, and subpoena,, I will have the USAO's Civil Division authorize the records release as wall counsel pursuant to *United States ex rel. Touhy v. Regan,* 340 U.S. 462 (1951) and the associated regulations.

Hugh,

1. The attached spreadsheet has three tabs with counts on Attempts, Self Harm and Placement on Suicide Watch for all of our institutions between 2014-2018 and it was shared with IPPA.

2. This is a reporter's question sent to IPPA along with our response and my recommendation for adding more information.

(4) Also, does BOP have any special initiatives under way to help reduce the numbers? What is BOP's response to the union's contention is staffing shortages is at the root of the problem?

(b)(5)

3. The second attachment is a collection of data Psychology Services does every year. 2018 and 2017 will likely have one more death added to each year. This were discovered this week, one at CAA and one at an RRC that PSB was never notified about.

Please let me know if you have any questions.

The safety of staff, inmates, and the public is the highest priority for the Bureau of Prisons (BOP). The BOP has an extensive Suicide Prevention Program that begins upon an inmate's arrival at each BOP facility, including pretrial facilities such as MCC New York. See BOP Program Statement 5324.08 "Suicide Prevention Program" here https://www.bop.gov/policy/progstat/5324_008.pdf and BOP Program Statement 5310.17 "Psychology Services Manual" here https://www.bop.gov/policy/progstat/5310_017.pdf. During the initial intake screening by medical staff, inmates complete a psychological questionnaire. Psychology Services staff are immediately notified if suicidal ideation is apparent from the responses. Further, any BOP staff member may place an inmate on suicide watch.

The Suicide Prevention Program at each BOP facility is administered by a Suicide Prevention Program Coordinator. The Program Coordinator, who must be a doctoral-level psychologist, ensures compliance with suicide intervention and prevention policies, which include training, identification, referral, assessment, and intervention. In BOP facilities, suicide watch is typically a short-term and highly restrictive intervention measure. Every institution has one or more rooms designated specifically for housing an inmate on suicide watch. These areas are set aside as special cells, typically in the BOP's Health Services division, which allow staff to maintain a safe environment for the inmate without compromising the ability to observe and protect the inmate. This environment includes easy access to the room, privacy, unobstructed vision of the inmate at all times, and limited availability of objects, materials, or architectural features that would allow for easy self-injury. Inmates on suicide watch are evaluated daily by apsychologist and are constantly observed by either staff or inmate companions. Once an inmate is placed on suicide watch, the watch may only be terminated by a BOP psychologist following a face-to-face evaluation with the inmate.

With regard to staffing levels, 15,012 correctional officers are currently working at the BOP and 1,654 correctional officer positions are vacant as of August 3, 2019. The BOP continues to work on hiring and retaining staff nationally. As you are aware, the Epstein case is currently under investigation by the Federal Bureau of Investigation and the Department of Justice's Office of the Inspector General. The BOP is also conducting an After Action Review and a Suicide Reconstruction Review. The BOP will assess any additional measures which should be taken after those processes are completed.

The factors that lead an inmate from suicidal ideation to suicidal behavior are complex. Those factors include an individual's access to means (e.g., pills or razors), opportunity (e.g., privacy to implement a plan), motivation, and subjective feelings of defeat or humiliation.

Answer sent to WA Post on 8/21/2019 (finalized by IPPA leadership after consulting (b)(6); (b)(7)(C)

The safety of staff, inmates, and the public is the highest priority for the Bureau of Prisons (BOP). The BOP has an extensive Suicide Prevention Program that begins upon an inmate's arrival at each BOP facility, including pretrial facilities such as MCC New York. See BOP Program Statement 5324.08 "Suicide Prevention Program" here https://www.bop.gov/policy/progstat/5324_008.pdf and BOP Program Statement 5310.17 "Psychology Services Manual" here https://www.bop.gov/policy/progstat/5310_017.pdf. During the initial intake screening by medical staff, inmates complete a psychological questionnaire. Psychology Services staff are immediately notified if suicidal ideation is apparent from the responses. Further, any BOP staff member may place an inmate on suicide watch.

The Suicide Prevention Program at each BOP facility is administered by a Suicide Prevention Program Coordinator. The Program Coordinator, who must be a doctoral-level psychologist, ensures compliance with suicide intervention and prevention policies, which include training, identification, referral, assessment, and intervention. In BOP facilities, suicide watch is typically a short-term and highly restrictive intervention measure. Every institution has one or more rooms designated specifically for housing an inmate on suicide watch. These areas are set aside as special cells, typically in the BOP's Health Services division, which allow staff to maintain a safe environment for the inmate without compromising the ability to observe and protect the inmate. This environment includes easy access to the room, privacy, unobstructed vision of the inmate at all times, and limited availability of objects, materials, or architectural features that would allow for easy self-injury. Inmates on suicide watch are evaluated daily by apsychologist and are constantly observed by either staff or inmate companions. Once an inmate is placed on suicide watch, the watch may only be terminated by a BOP psychologist following a face-to-face evaluation with the inmate.

With regard to staffing levels, 15,012 correctional officers are currently working at the BOP and 1,654 correctional officer positions are vacant as of August 3, 2019. The BOP continues to work on hiring and retaining staff nationally. As you are aware, the Epstein case is currently under investigation by the Federal Bureau of Investigation and the Department of Justice's Office of the Inspector General. The BOP is also conducting an After Action Review and a Suicide Reconstruction Review. The BOP will assess any additional measures which should be taken after those processes are completed.

The factors that lead an inmate from suicidal ideation to suicidal behavior are complex. Those factors include an individual's access to means (e.g., pills or razors), opportunity (e.g., privacy to implement a plan), motivation, and subjective feelings of defeat or humiliation.

As discussed, we would like to see the 2nd floor pscyh observation and suicide watch area; the 9th floor SHU, and Epstein's cell, which we understand to still be cordoned off. As discussed, we would appreciate if only MCC legal would escort us, and we will not speak to any of the guards present given the ongoing investigations. Please give me a call with any questions, and let us know what time and where we should go, and if it would be easier for us to enter via the 3rd floor bridge.

Hugh,
Wanted to give you the heads up, there is an Inmate Suicide Prevention Program Memo in your mailbox that you will probably want to review tomorrow. I discussed it with (b)(6); (b)(7)(C) today.

Basically following inmate Epstein's suicide, Wardens are defaulting to leaving inmates on suicide watch longer than the institutional Psychologists would advise. So the memo to the RDs seeks to remind Wardens to utilize the professional psychological expertise of the institutional psychologists in managing inmate suicide through the variety of healing strategies. (b)(6); (b)(7)(C) is in the office tomorrow, 10/18, if you want to discuss with her the best way to communicate this to the RD and Wardens and if you have any questions. Have a great day. Peace-(b)(6); (b)(7)(C)

Warden,

Per our discussion, please see the below request for a tour of the SHU and suicide watch areas by the US Attorney and his staff Thursday, August 15. I will try to arrange it for 10 am, but we may be subject to the US Attorney's schedule. Please let me know if you have any questions or concerns.

Thank you,

The list of visitors from our office is below:

(b)(6); (b)(7)(C)

As discussed, we would like to see the 2nd floor pscyh observation and suicide watch area; the 9th floor SHU, and Epstein's cell, which we understand to still be cordoned off. As discussed, we would appreciate if only MCC legal would escort us, and we will not speak to any of the guards present given the ongoing investigations. Please give me a call with any questions, and let us know what time and where we should go, and if it would be easier for us to enter via the 3rd floor bridge where we should go, and if it would be easier for us to enter via the 3 floor bridge.

Thanks,

Depending on the outcome of the assessment, one of three findings can be made: (1) the inmate is COMPETENT to proceed with the disciplinary process; (2) the inmate is NOT PRESENTLY COMPETENT but could be restored to competence with treatment; or (3) the inmate is NOT COMPETENT and is unlikely to become competent.

Recommendations Regarding Sanctions

In the case of inmate Epstein, after a review of available psychological and psychiatric records as well as information pertaining to the offense conduct, it is determined that this inmate is:

(X) COMPETENT to proceed with the disciplinary process.
( ) NOT PRESENTLY COMPETENT, but could become competent with treatment; it is recommended that the inmate for an updated competency assessment in 30 days.
( ) NOT COMPETENT and not likely to become competent.

Focus of Session

He was seen by writer while he was on Psych Observation.

Subjective/Objective Presentation

He stated he hasn't slept well at MCC-NY because he hasn't had his cpap machine. He stated it is here and he will be able to start using it tonight. He discussed how he does not think he will able to sleep in SHU and how he does not like SHU because of the noise. He discussed issues on not getting some medication with Medical today.

The "Eating/Shower Chart" indicated yesterday he ate breakfast and dinner, drank liquids, and took a shower when offered and so far today it noted he ate breakfast and drank liquids. The Psych Observation Log noted he slept, drank water, went to legal, and talked to an Inmate Companion about investments.

Current Mental Status: He exhibited a neutral mood with a full range of affect. His speech was logical and coherent, with no loosening of associations or tangential, circumstantial or irrelevant speech. Auditory and visual hallucinations were denied, and delusions were not elicited. He did not engage in any bizarre or inappropriate behavior. There was no indication of disturbed thought process or content. Intellectual ability appeared to be above average. Personal hygiene was adequate. He denied current suicidal or self harm ideation and he agreed to immediately tell staff if he starts to have suicidal or self harm thoughts. He was future oriented. He does not appear to be an immediate danger to self. He denied thoughts of hurting others and he agreed to tell staff if he has these thoughts.

Intervention(s)

Supportive and educative interventions were provided. When asked about the Turning Point handouts for coping in SHU, he stated he already knows these strategies before he read the handouts and had tried them when he was in SHU the last time. He stated with the noise in SHU, he said the strategies will not work. He was encouraged to try them.

Progress/Plan

The Chief Psychologist was consulted. Psych Observation will be discontinued. Mr. Epstein was educated about both routine and emergency procedures for contacting Psychology staff. He will be seen in follow up by Psychology tomorrow to monitor his mental status and to provide further intervention if needed and he was informed that he will be seen by Psychology tomorrow. In the meantime, he was encouraged to self-refer to Psychology if needed to which he agreed and seems capable of doing. If he remains in SHU, he will be seen by Psychology in SHU Rounds and in SHU Reviews. The SHU Lt. was informed that Mr. Epstein needs to be housed with an appropriate cellmate.

Focus of Session

Inmate Epstein was seen while on psychological observation today in the hospital area.

Subjective/Objective Presentation

Same presentation today, but he said he thinks his memory for the incident (injury to his neck) may be impaired because of his sleep apnea. He is supposed to get his CPAP machine today. He is aware he will be returning to SHU, but said he is feeling unwell due to his inability to sleep and numbness in his arm. He requested to have one good night of sleep with his CPAP and will return to SHU with a cellmate tomorrow. (b)(7)(A) (b)(7)(A) I told him he can stay down one more night to receive his CPAP and a good night's sleep, but that he would be returned to SHU tomorrow. It was explained that there is no mental health issues precluding him from returning to SHU tomorrow and that we could not house him in the SW/Hospital area because (b)(7)((b)(7)(A) or more comfortable for him. (b)(7)(A)

According to his log book and eating/shower chart, he has been eating and drinking when not in his legal visits. He has also been writing and attending his legal visits.

Intervention(s)

Inmate EPSTEIN was provided with brief supportive interventions and psychoeducation regarding additional coping strategies. Inmate EPSTEIN was somewhat receptive to these interventions, but appears more concerned about getting his various needs in the prison (phone calls, recreation, housing placement concerns, etc.)

Progress/Plan

He will remain on psychological observation today and will transition to the SHU tomorrow. He will be seen by psychology daily to assess his mental status and psychological functioning.

Focus of Session

He was seen by writer while he was on Psych Observation.

Subjective/Objective Presentation

The "Eating/Shower Chart" noted that yesterday he ate breakfast. He is not in the Psych Observation cell for about 12 hours per day because of being in Attorney Conference with his Attorneys, so the "Eating/Shower Chart" may not reflect all of his meals. He stated he was served one meal in Attorney Conference yesterday. He stated he drinks a lot water at night. The Psych Observation log noted he talked about life in general population and he slept.

Earlier he had complained that his right arm was numb and hanging. Nurse (b)(6); (b)(7)(C) from Medical had seen him for this.

When this writer was interviewing him, he said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. This writer notified Nurse (b)(6); (b)(7)(C)

He stated last night when he flushed the toilet it kept flushing for 45 minutes. He stated he found it so aversive and upsetting that he said he sat in the corner and held his ears. He said because of this he was agitated for hours and was not able to sleep. The Lt. will be moving him to a different cell and he was informed of this. He stated the feeling he got with the noise of the toilet was similar to when he was in SHU. He said he may have something on the Autism spectrum. He said in the movie "Rain Man," the person with Autism had an aversion to noise. He stated he is also really good with numbers.

Current Mental Status: He exhibited a mildly anxious mood with a full range of affect. His speech was logical and coherent, with no loosening of associations or tangential, circumstantial or irrelevant speech. Auditory and visual hallucinations were denied, and delusions were not elicited. He did not engage in any bizarre or inappropriate behavior. He denied current suicidal or self harm ideation and he agreed to immediately tell staff and Inmate Companions if he starts to have suicidal or self harm thoughts. He was future oriented. He does not appear to be an immediate danger to self. He denied thoughts of hurting others and he agreed to tell staff and Inmate Companions if he has these thoughts.

Intervention(s)

Supportive and educative interventions were again provided. He had not been given the Turning Point handouts yesterday that were on his cell door, so they were handed to him by staff today.

Progress/Plan

He will remain on Psych Observation in an abundance of caution and pending housing arrangements to be made on Monday. While on Psych Observation, he will be seen daily by Psychology.

Focus of Session

Inmate Epstein was seen while on psychological observation in our hospital area.

Subjective/Objective Presentation

Prior to this writer's contact with him, Inmate Epstein showered and dressed himself for his legal visit today. He was smiling and did crack some jokes during the interview. He did elucidate some complaints and suggested being disappointed with this writer as he wants "to trust me and for me to trust him." He stated he remains unhappy with legal visiting procedures as he cannot go to the bathroom as frequently as he would like to since he has a "weak bladder." Inmate Epstein also reported since coming to the psychological observation area, he has felt constipated and needs his Colace. He had self-carry Colace in SHU, but since coming to the observation area, he has not had his medication. This writer immediately notified medical and his pills were being processed during the interview. Inmate Epstein also continues to complain about the conditions of SHU confinement (i.e., feeling punished, smells, noise, and restrictions).

(b)(7)(A)

(b)(7)(A) He does not exhibit symptoms of any cognitive disorder, seizure disorder, psychotic disorder, or dissociative disorder at this time or in the past. Inmate Epstein denied any current suicidal ideation, intention, or plan. He reported wanting to be alive to fight his legal case and go back and live life. He referred to himself as "a coward" and "I'm Jewish." He said he is not the type who likes pain or would ever attempt to harm himself.

While on psychological observation, inmate Epstein has been eating his meals, sleeping and interacting with the inmate companions. He is in legal visiting the majority of the day and in the evenings. His log book and eating/shower chart reflect the same. He has been speaking to inmate companions about investment strategies and about prison adjustment. Correctional Staff report during his legal visits, he is interacting with his attorney, animated, laughing, and joking.

Intervention(s)

Inmate Epstein was provided with supportive and coping skills interventions today. He was receptive to them, but mostly wanted to express his complaints about his current prison confinement status and needs. He wanted this writer to address them.

Focus of Session

Inmate Epstein was seen by this writer this morning while on psychological observation in the hospital area of the prison.

Subjective/Objective Presentation

Inmate Epstein was in good spirits today and engaged in reciprocal conversation with this writer this morning. He smiled and remarked, "welcome back" when this writer arrived. (b)(7)(A) (b)(7)(A) (b)(7)(A) (b)(7)(A) When this writer attempted to get a more detailed account from him, indicating that it would be rare to have such impairments in memory as he does not suffer from an acute cognitive disorder, he smiled and said he understood my position.

Inmate Epstein did reveal he is unhappy with his current confinement in Special Housing (SHU) as he considers it "a punishment cell." He said he finds the restrictions up there unfair as he has not done anything wrong. Inmate Epstein stated he feels it is dangerous in the SHU, he cannot sleep well up there due to noise from the other inmates, it smells, and it is difficult for him to work on his legal case up there. He stated he has not received the phone calls he was promised nor has he been able to receive recreation. It was explained to him that he spends the entire day in the attorney conference room and it is likely that he has missed the times when staff members have attempted to give him phone calls and recreation. Inmate Epstein also reported complaints about the attorney conference room, stating they do not take him to the bathroom frequently enough.

Inmate Epstein adamantly denied any suicidality at this time, stating "I am too vested in my case to fight it, I have a life and I want to go back to living my life." He denied any acute symptoms at this time.

According to his log book, he has been eating, drinking, sleeping, and interacting with the inmate companions. He has also been attending his daily legal visits.

Intervention(s)

Inmate EPSTEIN was provided with brief supportive interventions and psychoeducation regarding additional coping strategies. Inmate EPSTEIN was mostly receptive to these interventions. He requested to be housed in general population rather than the SHU and stated he wanted to remain on psychological observation due to his concerns with being in the SHU.

Progress/Plan

In an abundance of caution, inmate Epstein will remain on psychological observation. (b)(7)(A) (b)(7)(A) (b)(7)(A) Inmate Epstein will be seen daily by psychology while on psychological observation.

> Lee, I saw a story today claiming that BOP lost 12% of our workforce since Trump Administration started which is double the drop in the prison pop. This is highly misleading. As you know (and AG Sessions and DAG Rosenstein were also acutely aware of), over the 5 years leading into this administration our prison population had dropped 40,000 inmates, but our staffing had gone up (and pop has continued to drop another almost 9,000 since the start of the Administration)! The drop in staffing that they are referring to also likely includes the 5156 unfunded vacant positions that were eliminated...positions we never could fill in the first place.
>
> We do not need more staff, we just need to fill the vacancies we have. I continue to point out to anyone that will listen (and have reiterated this in several Hill briefings), the problem is not our authorized staffing levels or funding, rather it is finding good candidates to come work for us in hard to fill areas. I have dozens of examples where we post jobs, get 30 applicants and only 10 end up actually coming on board. At that rate it will take a long time just to fill the vacancies we have. We are working on several new initiatives to try and make BOP more attractive to applicants (unfortunately news like this does not help).
>
> Anyway, I know you know this, but also want you to know that we are working to change this narrative, but right now we are getting drowned out by the media hysteria. Thanks.

Yes. Hopefully we can discuss this and a few other brewing issues. Thanks!

Ok, this is going to be sensitive. Cant say I'm surprised people want to be cautious. I will want to hear about specific examples of significant problems. Why sending to RDs and not to all CEOs? All CEO memo will need Exec staff and union clearance first, but it will ensure the message gets out. We can discuss tomorrow.

Hugh,
Wanted to give you the heads up, there is an Inmate Suicide Prevention Program Memo in your mailbox that you will probably want to review tomorrow. I discussed it with (b)(6); (b)(7)(C) today.

Basically following inmate Epstein's suicide, Wardens are defaulting to leaving inmates on suicide watch longer than the institutional Psychologists would advise. So the memo to the RDs seeks to remind Wardens to utilize the professional psychological expertise of the institutional psychologists in managing inmate suicide through the variety of healing strategies. (b)(6); (b)(7)(C) is in the office tomorrow, 10/18, if you want to discuss with her the best way to communicate this to the RD and Wardens and if you have any questions. Have a great day. Peace- (b)(6); (b)(7)(C)

As discussed, we would like to see the 2nd floor pscyh observation and suicide watch area; the 9th floor SHU, and Epstein's cell, which we understand to still be cordoned off. As discussed, we would appreciate if only MCC legal would escort us, and we will not speak to any of the guards present given the ongoing investigations. Please give me a call with any questions, and let us know what time and where we should go, and if it would be easier for us to enter via the 3rd floor bridge.
